Inova

**Simple, striking,
sophisticated**

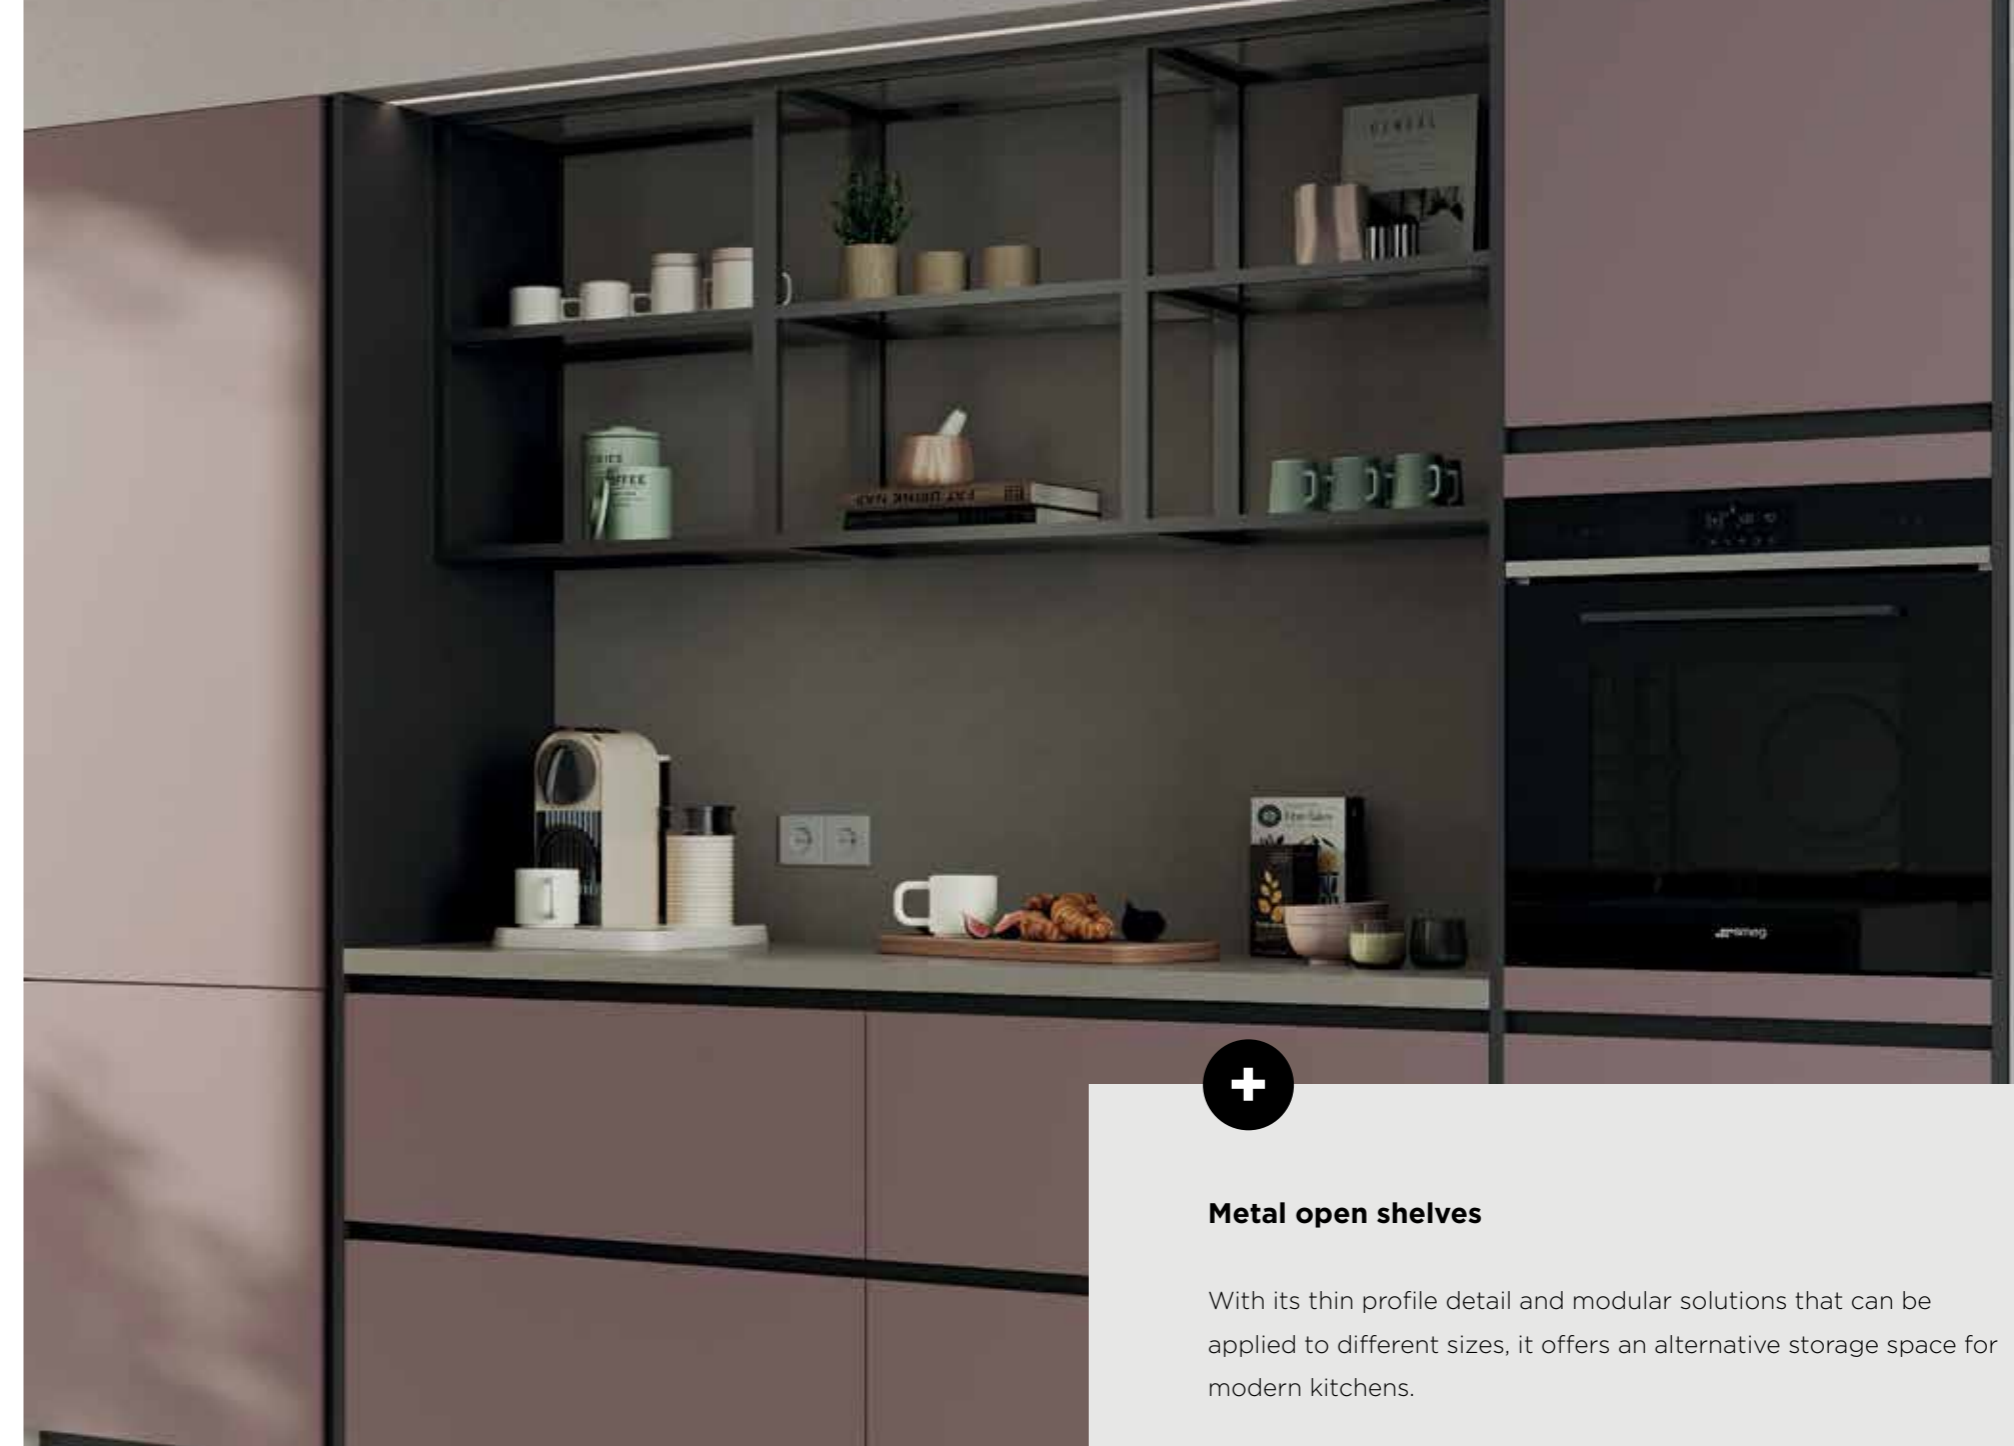

For those who always favor the best, simple and self-confident forms, an aesthetic and impressive sense of design... Inova offers forms that you can easily customize with its handle-free use and different color options from wood to black. It reflects comfort with its large interior volume and a modern attitude with its simplicity.

Material/Color:
Matte Lacquered/Pink Taupe
Matte Lacquered/Lava Black

Generously-sized storage areas

Thanks to its 5 cm higher countertop than all other Intema models, Inova offers more storage space with its large cabinet interior volume. Inova stands out as the choice of high counter lovers and those who need extra space.

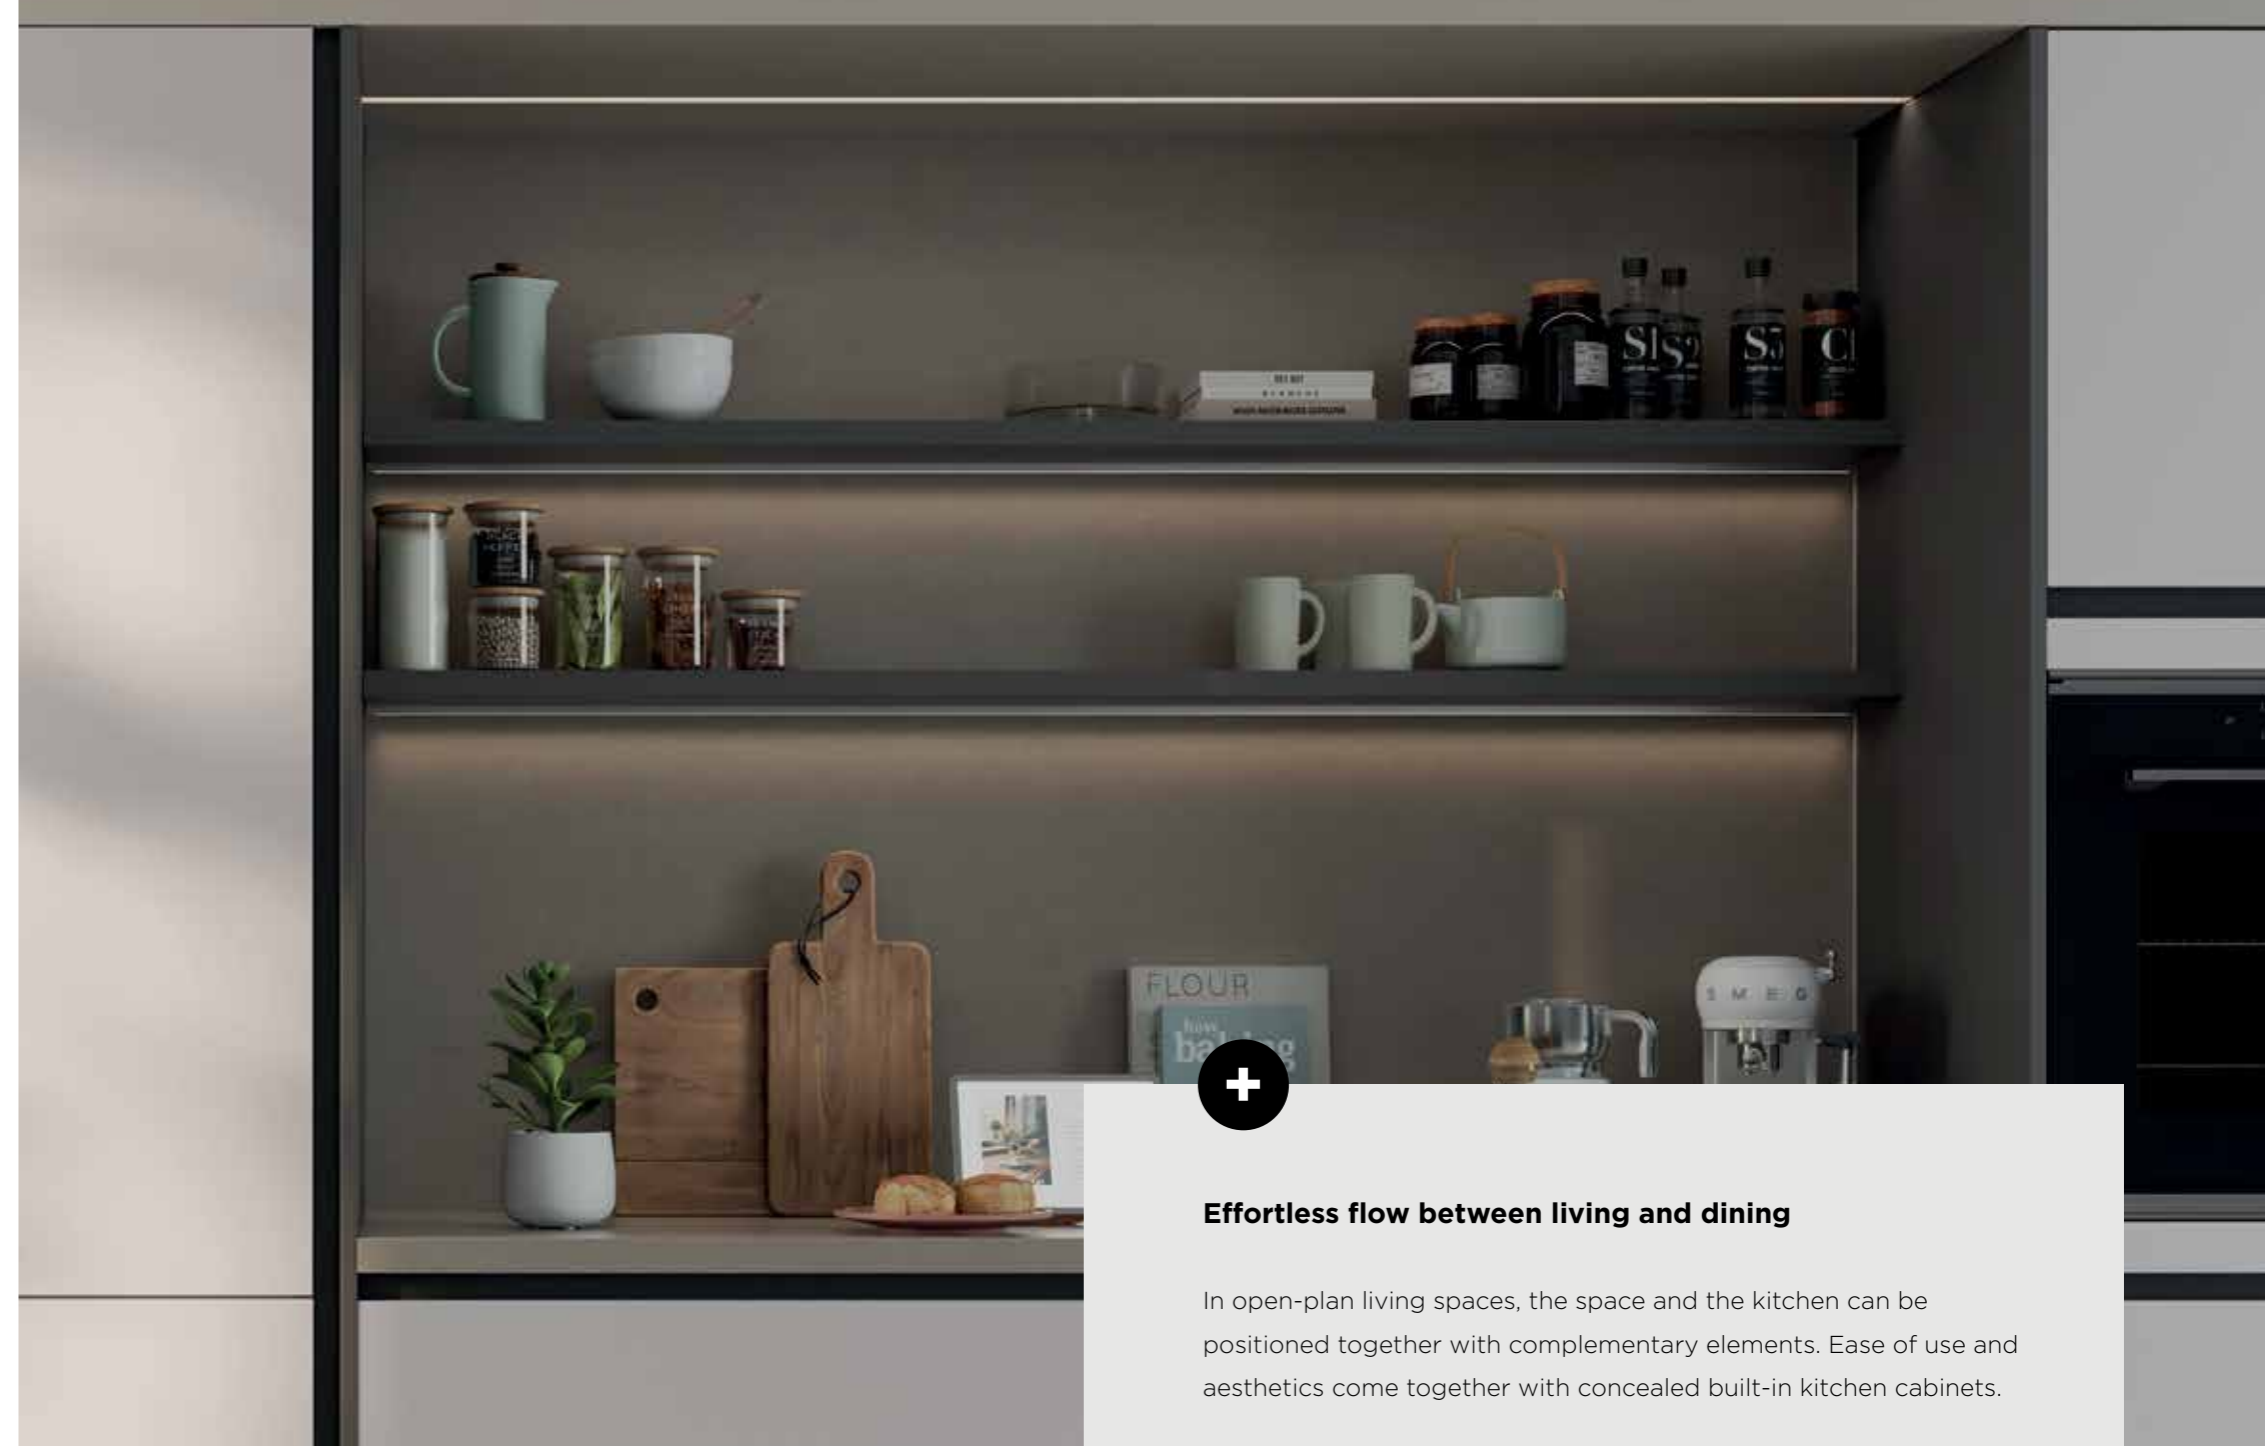

Metal open shelves

With its thin profile detail and modular solutions that can be applied to different sizes, it offers an alternative storage space for modern kitchens.

Scratch-resistant surfaces

Scratch and UV resistant surfaces in modern kitchens with different color and texture options, offer both aesthetic and function together.

Effortless flow between living and dining

In open-plan living spaces, the space and the kitchen can be positioned together with complementary elements. Ease of use and aesthetics come together with concealed built-in kitchen cabinets.

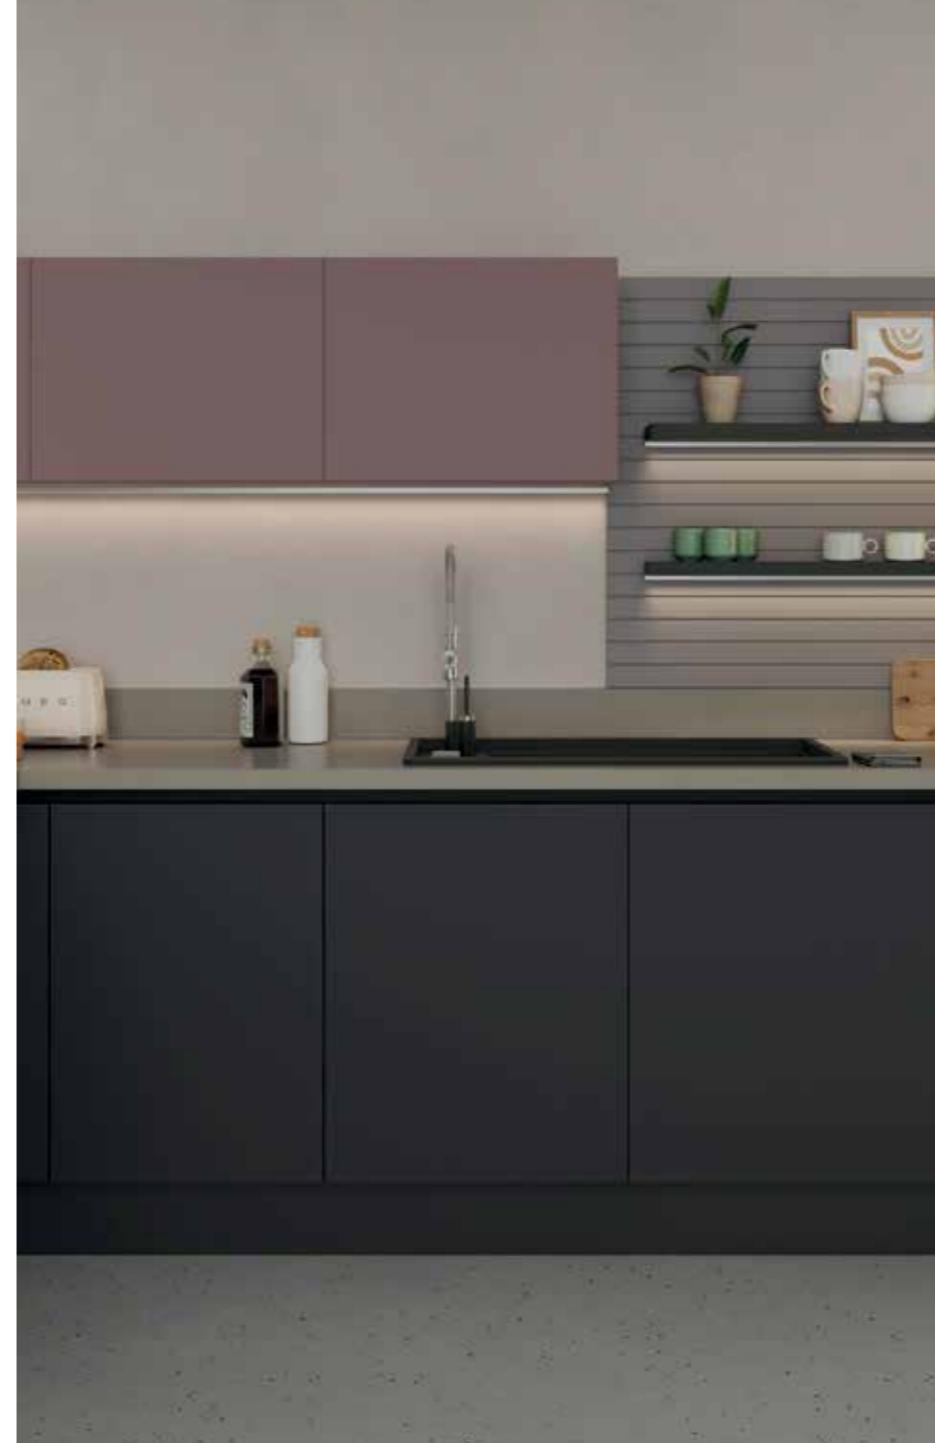

Pleasure of hosting your guest in the kitchen

Hosting guests turns into a completely different pleasure with Inova's "open kitchen" style with island layout that intertwines with the living room. You can chat with your guests while you cook, and even host them on your spacious and stylish island, not at your dining table.

Luxury meets simplicity

Inova design gains value with simple and timeless lines. With Inova, your kitchen turns into the most aesthetic and enjoyable point of your home.

Deep sliding drawers

With the deep sliding drawers in the lower cabinets, it becomes easier to reach kitchen utensils such as jars, pots, pans. The layout in the kitchen is becoming more practical and the joy of cooking enhances.

Cover integrated handles

Prime offers an extremely simple appearance with its integrated handle option, which is easy to use as well as aesthetics, and thin handles extending along the lid.

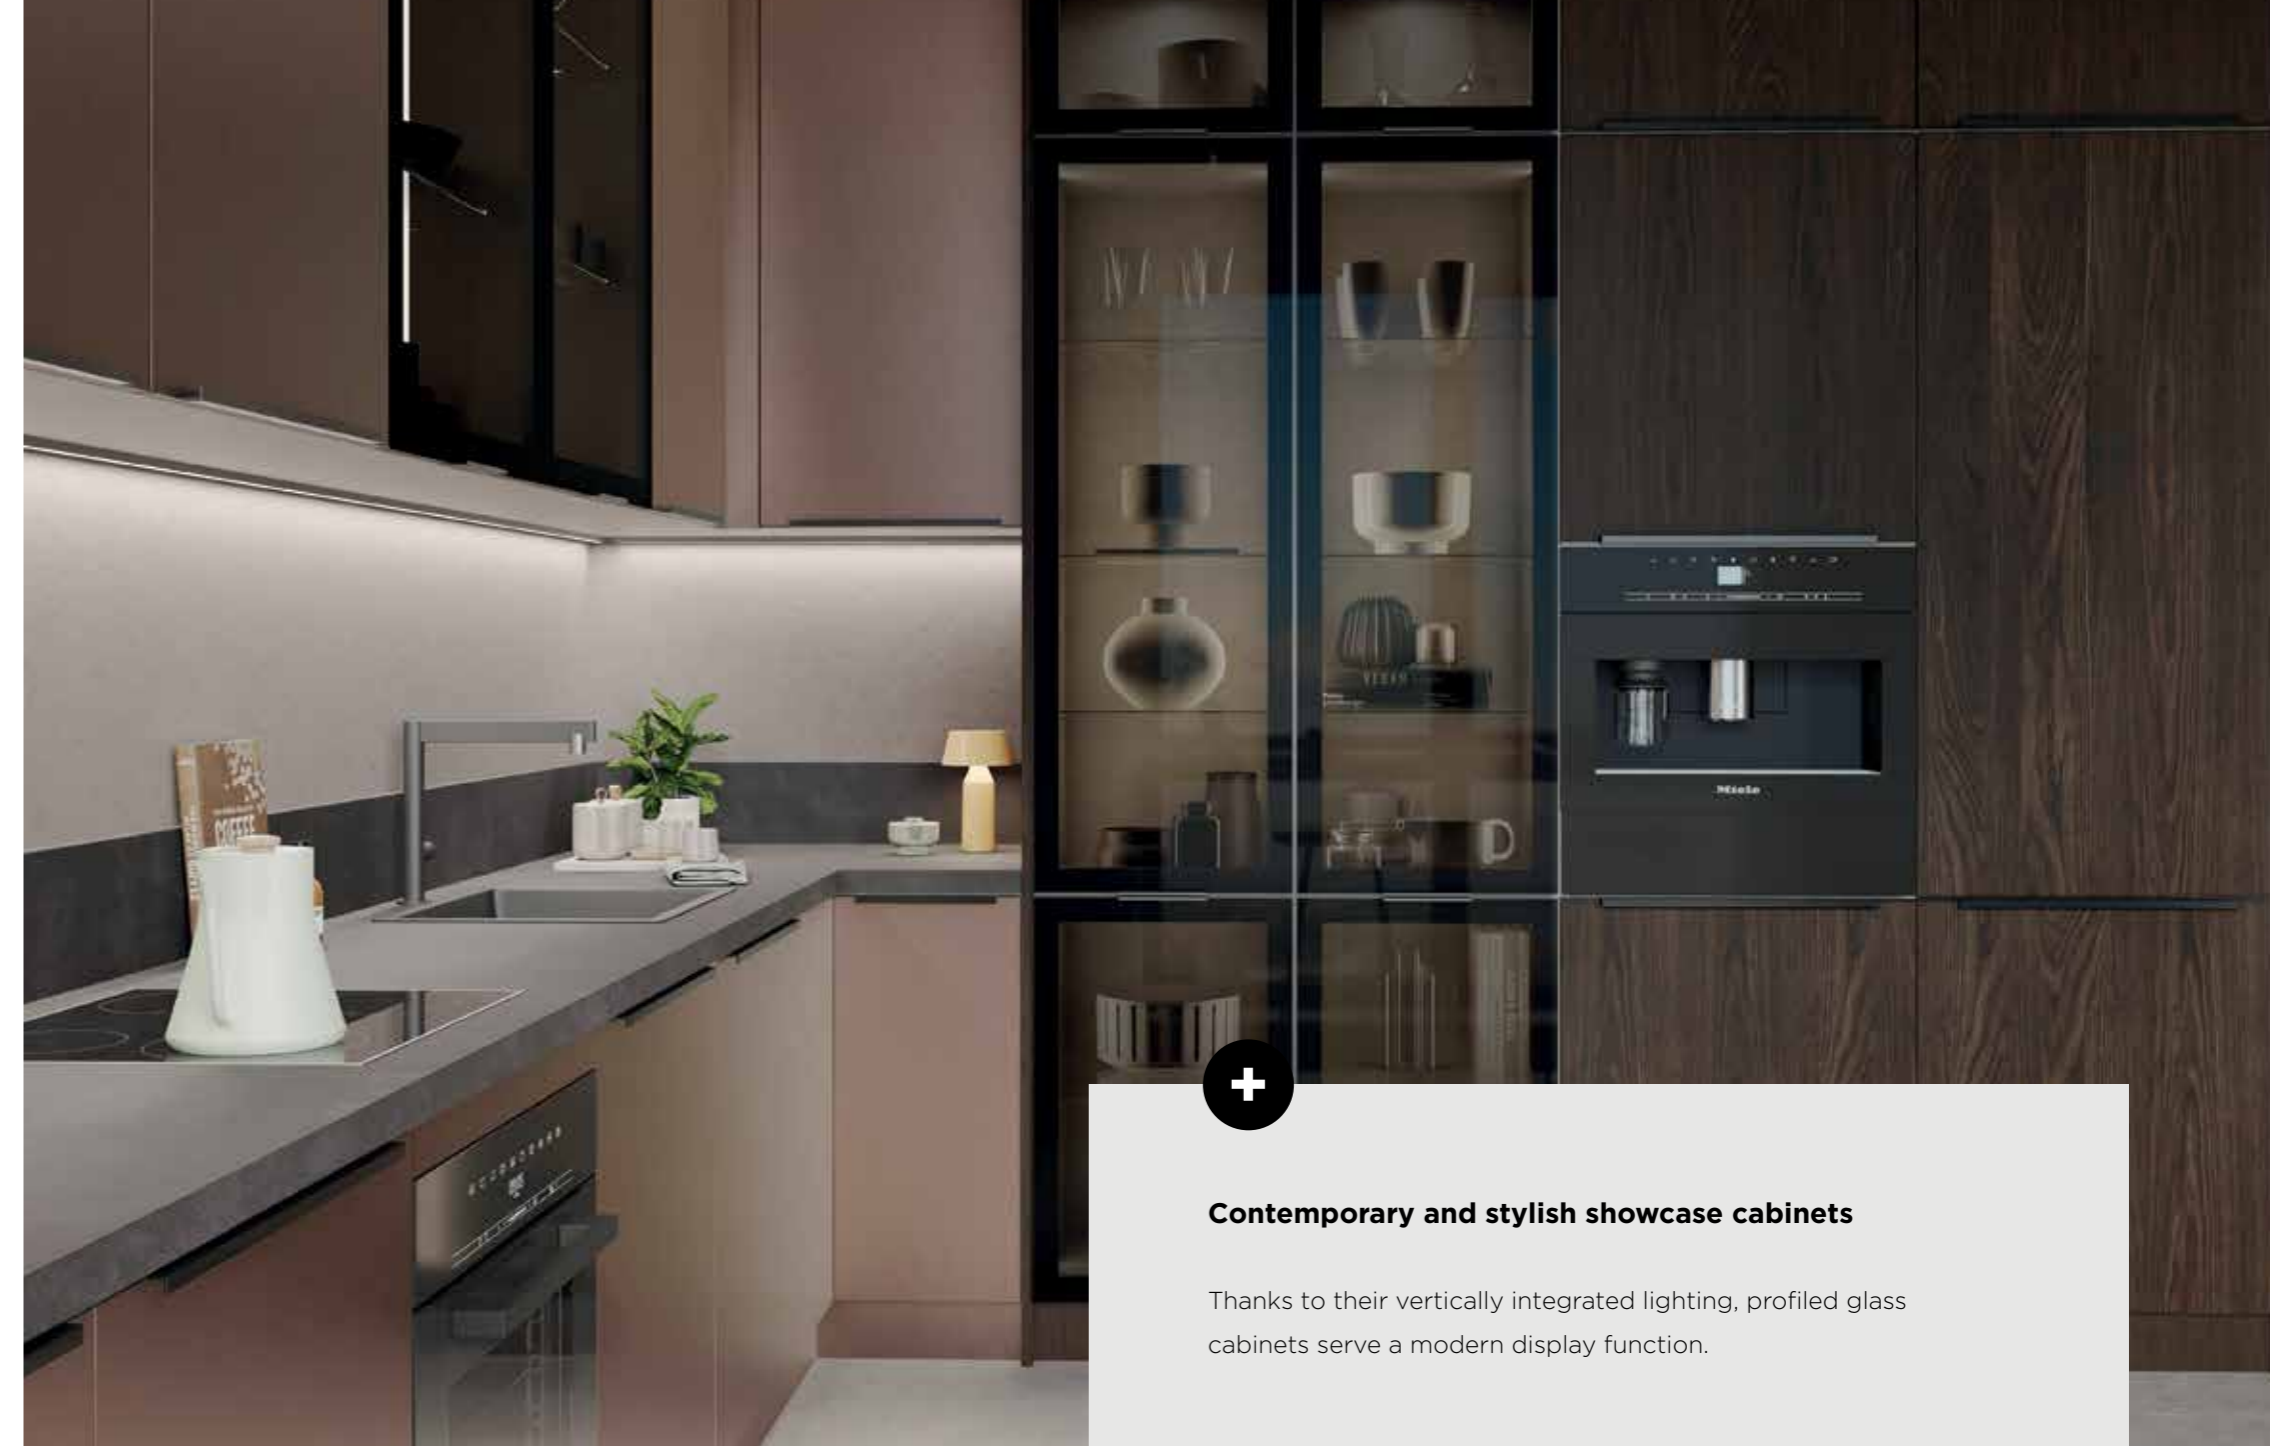

Living space at the heart of home

More than just a place for cooking... Intema kitchens are planned as living spaces that bring households together at the heart of home.

High top cabinet

Thanks to its height, it is the choice of those who need more space with its large interior volume, and stands out.

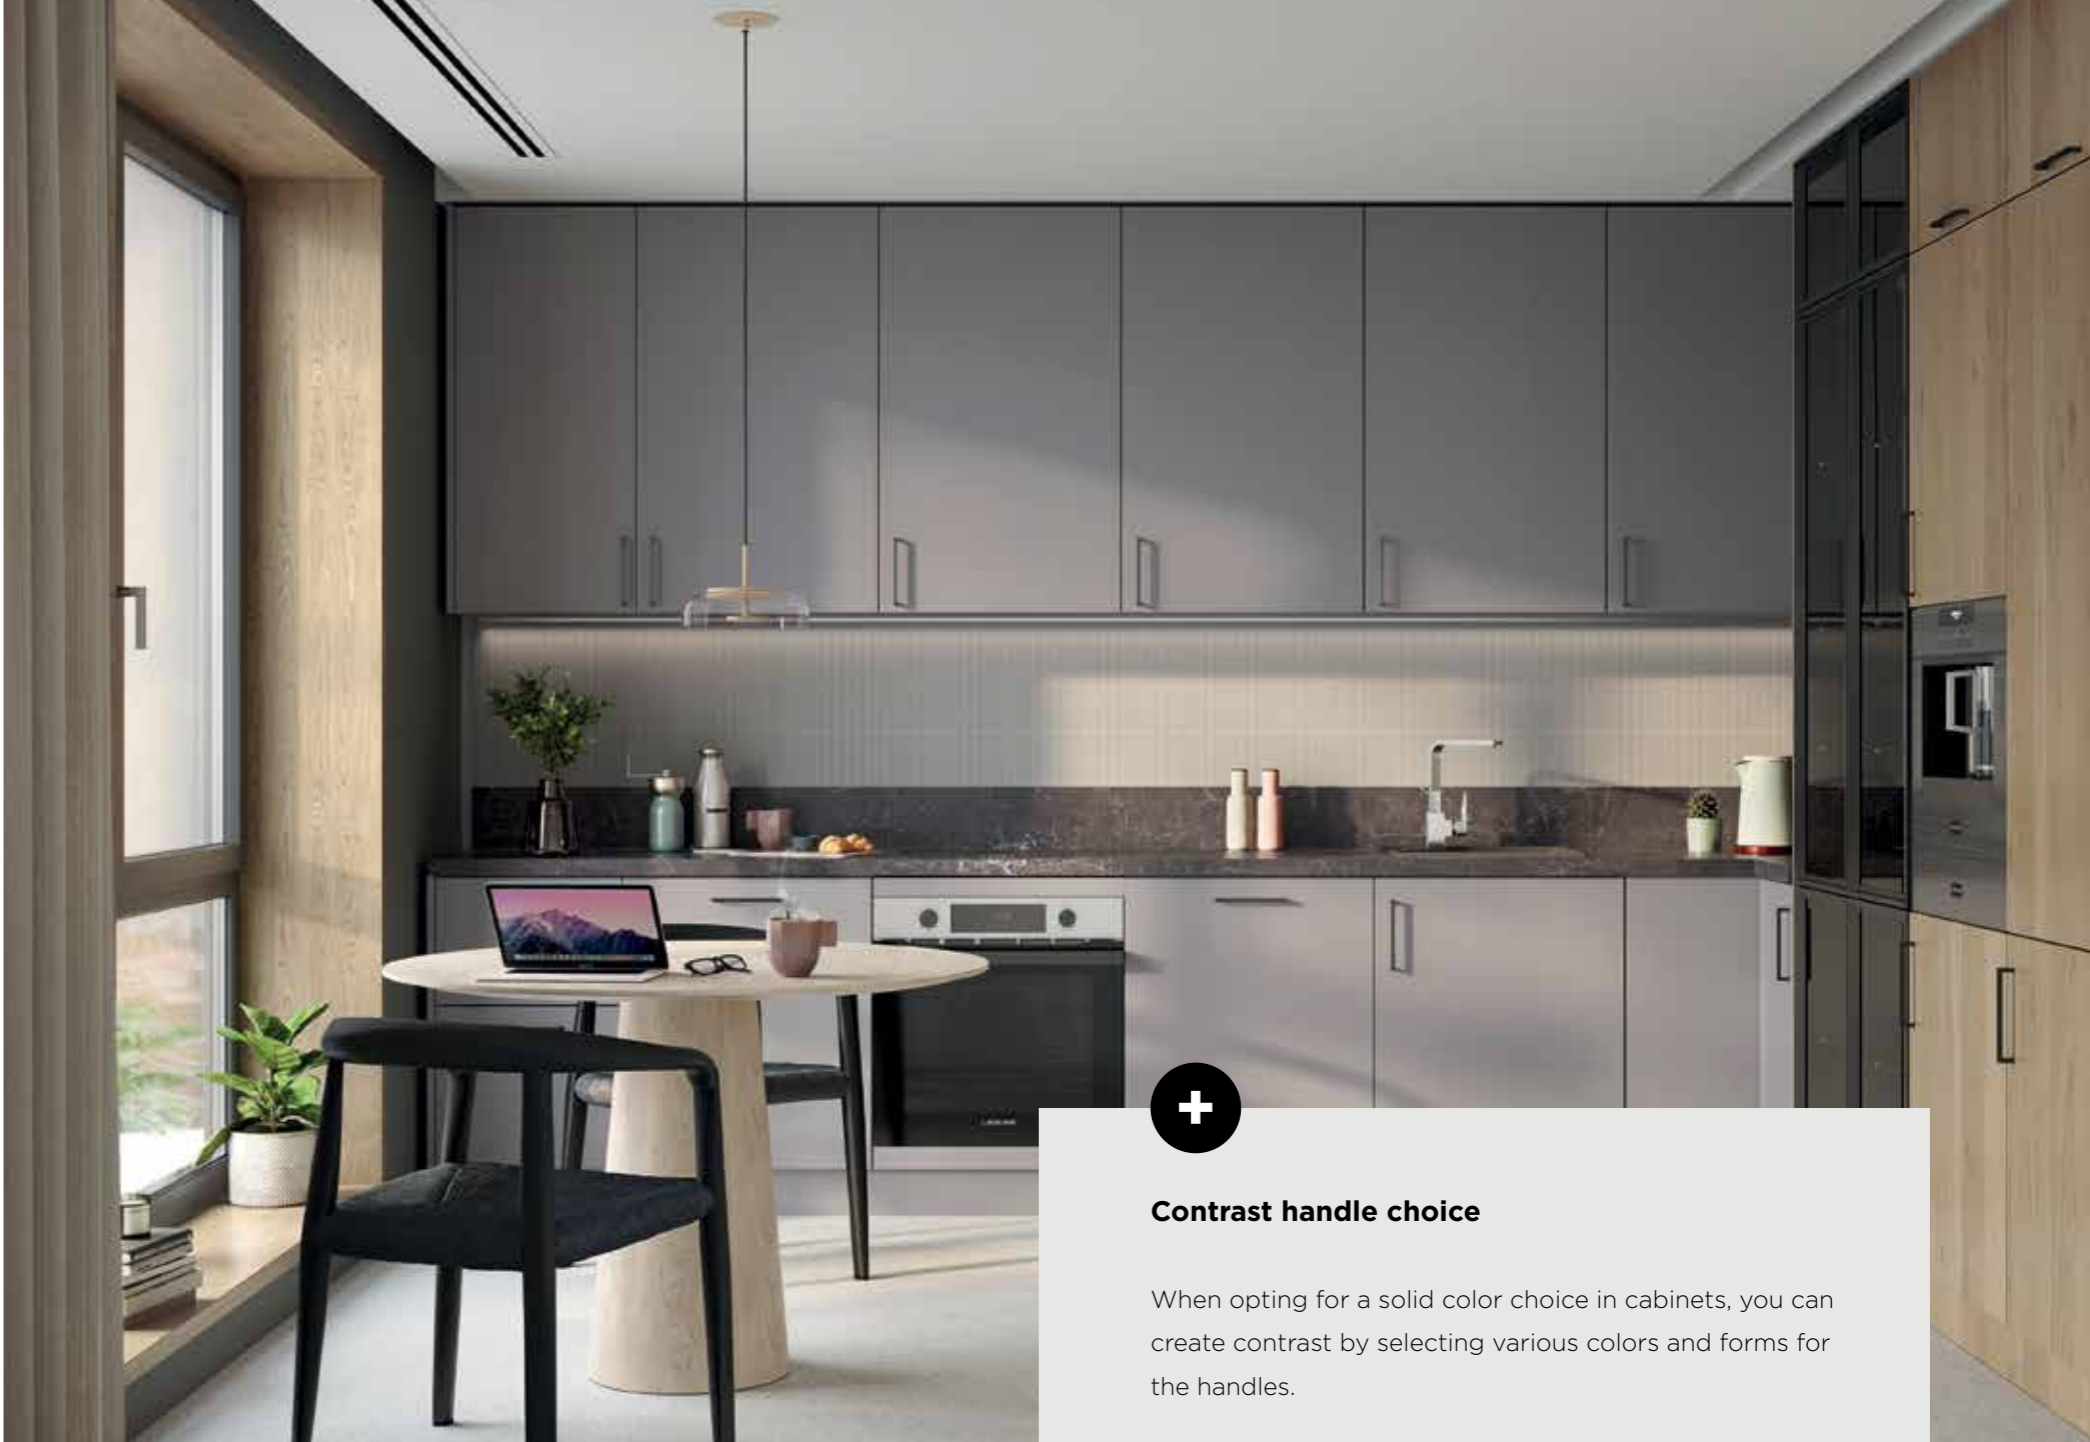

Contemporary and stylish showcase cabinets

Thanks to their vertically integrated lighting, profiled glass cabinets serve a modern display function.

Simplicity has never been that attractive

Prime let you create a perfect simplicity in the color and texture you want. If you want to relax while working in the kitchen, this simplicity will be very good for you.

Contrast handle choice

When opting for a solid color choice in cabinets, you can create contrast by selecting various colors and forms for the handles.

Prime

Material / Color Palette

Natural Wood Veneer

The wood texture creates a feeling of warmth in the kitchen and a unique aesthetic with different textures and color variations from nature. The inside and sides of the cover are produced with natural wood veneer, ensuring that all details carry the same level of care.

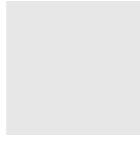

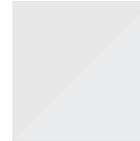

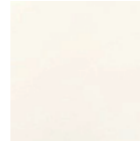

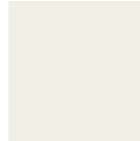

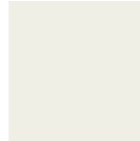

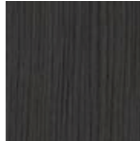

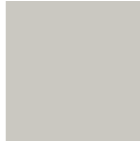

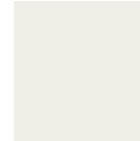

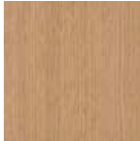

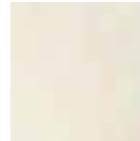

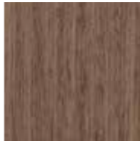

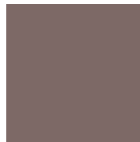

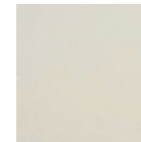

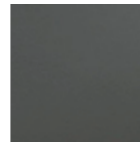

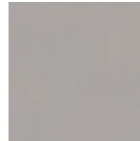

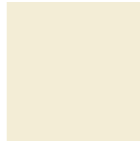

Textured Melamine

Textured melamine brings the warmth of wood to your kitchen without causing color differences. In addition to being budget-friendly compared to natural wood veneer, it stands out with its easy cleaning, moisture and impact resistance.

Acrylic PET

The acrylic surface, produced from environmentally friendly materials, offers a homogeneous appearance thanks to the cover's color on both the front and back. Available in glossy finishes, it is highly resistant to scratches and impacts, and has a short delivery time.
